If thou lend money to any of my people that is poor by thee,
 thou shalt not be to him as an usurer, neither shalt thou lay

An

ROSE. 1679.

An Explanation of the Tables of Interest.

IN the first Table you have the Interest due upon any sum of money from 1 shilling to 30 for a year or any time under : over the head of the Table is the Denomination of time ; under that, over the head of the Common Angles, are these letters, *S. P. F.* *S.* signifying shillings, *P.* pence, and *F.* farthings.

In the second Table is the Interest due upon any sum of money from 1 pound to 10 pounds, &c. and over the head of the Table, the Denomination of time, &c.

In the third Table is the Interest due upon any sum from ten pounds to an hundred pounds, &c. over the head of the Table is the Denomination of time : over the head of the Angles are these Letters, *L. S. P.* *L.* signifying pounds, *S.* shillings, and *P.* pence.

Now for example, If you would know the Interest of 10 pounds for any time, look in the beginning of the third Table, and in the second column on the left hand find the sum. Then in the common Angle to the right hand, you shall find that 10 pounds for 1 month, gives Interest 1 shilling; for 3 months, 3 shillings : for 6 months, 6 shillings, &c. but if you desire to know the Interest due upon an odd sum containing pounds and shillings, you must work thus :

As for example : If your sum be 15 pounds 5 shillings, and you desire to know the Interest thereof for a month, seek in the 3 Table, and you shall find the Interest of 10 pound for 1 moneth is 1 shilling: in the 2 Table you shall find the Interest of 5 pounds for 1 month is 6 pence : and in the 1 Table you shall find the Interest of 5 shillings for 1 month is one farthing, which 3 sums put together, shew the Interest of 15 pounds 5 shillings for 1 month, to be 1 shilling 6 pence farthing : which is as exact as can be, where the penny is divided into no smaller parts than farthings. If you would know what Interest 15 pounds 5 shillings gives for 2 months, double the Interest thereof for 1 month, and you have your desire.

The use and Explanation of the Table.

THe first Column towards the left hand sheweth the Years of a Lease or Annuity; and right against each Year, is the Years, Months, and Parts of a Months Purchase that such a Lease or Annuity is worth.

Example :

Suppose there be a Lease or Annuity to continue for Years, and you would know how many Years Purchase it is worth, look in the Table for Eight Years of a Lease, and against the same you will find 6, 2, 5, which sheweth such a Lease to be worth 6 Years, 2 Months, and half a Months Purchase.
